What is Bible School Plus?

It is a full day optional program in conjunction with our Vacation Bible School. It is aimed at children of working parents who need all day care during Bible School, as well as children wanting a time of Christian fellowship and recreation. Children may come to "Early Bird Bible School Plus" from 7:30-9:00 a.m. At that point they go to their Bible School classes until 12:00. After Bible School the children in Bible School Plus gather for lunch and then take part in a variety of off-site recreational activities.

What are the job responsibilities?

The job will involve supervising about 25 elementary children in a variety of recreational settings such as swimming, roller skating or bowling. A bus will be used for transportation. You return to the church about 4:00 for some quiet activity before going home. The primary responsibilities of the Director would be to make contacts and reservations for daily activities, to plan and provide daily snacks and to plan the craft and game activities for the time at the church.
