Kids live in a shallow world. Many feel like God is oceans away. This fall, you can submerge your 4th and 5th graders in an awesome adventure of all-out, crazy fun that will show them just how deep God's love for them goes. Dive in with live music from KC and the Gloworms. Make a splash with out-of-this-world activities like Euro-bungee, ziplines, rocket ball and so much more.
